Chickens and Eggs are scarce in our market. Dr. McDuffie is suffering much from rheumatism. Gen. Matthew P. Taylor was on our streets yesterday.

Dr. Hodges says there is much serious illness in his practice. Citizens are complaining about the sanitary condition of the town. Evans Chapel the church of the colored people is undergoing repairs.

We are glad to learn that Mr. Wm. H. Tomlinson and wife are improving. Miss Mary Ann Evans, Mr. Gask, B. H. H. and Mr. Beatty Mallett, are now quite sick.

Warm Weather. The weather during the past two weeks has been oppressively warm. The thermometer stood 92 degrees in the shade, on Saturday last, at this place, and 95 at Hickory.

Democratic Meeting. There will be a meeting of the Democrats of Seventy-first Township at the McPhail place on Friday night October 10th, to organize a Democratic Club. Mr. W. C. Troy and other speakers are expected to be present.

Public Speaking. Governor Jarvis will address the people of Cumberland and Robeson at Rockfish on Tuesday next at 11 o'clock. Special train will leave Fayetteville at 9:15, and one from Lumber Bridge at 10 o'clock. A large gathering is expected.

Our Women in the War. On the first page of this paper, in the place of the story we usually publish is a reminiscence of the late war, told by Mrs. James Kyle, formerly of this place, but now of Clinch county, Ga. The narrative, a thrilling one, touched with a truthful hand, will well repay a careful perusal.

Died. On Friday night, Mr. John Buie, of congestive fever, after an illness of three days. On Saturday morning at 3 o'clock Miss Betsy Ann Anderson.

On Sunday morning, Eliza Streets five year old daughter of Mr. E. T. McKethan, of diphtheria. Address. As has been announced in THE SUN Professor Henry E. Shepard a native whom Fayetteville has just cause to be proud of delivered a literary address before the Library Association, at the Rooms of the latter on Wednesday night last; Lord McCauley being the subject. The delivery consumed nearly an hour, and the address is said to have been a great treat to those who heard it.

Burial of Mr. Evans. The mortal remains of Mr. JOSEPH EVANS the founder and up to now one of the editors of this paper were placed in the tomb Saturday morning last. The procession left the residence on Russell street at 10 o'clock and passed to the Presbyterian Church, where appropriate services were conducted by Rev. F. H. Wood, of the Methodist church of this town, after which the body was taken to the New Cemetery across the rippling waters of immortal Cross Creek and in the presence of a large assemblage of relatives and friends committed to earth. Earth to earth, Ashes to ashes; Dust to dust.

Blind Tom. Blind Tom gave a musical out-put in this town last night. It was difficult to decide which of his many wonderful renditions were the best. His battle of Massachusetts composed himself was simply superb. You would imagine that you could hear the trains marching proudly to battle, hear the drum and retreat of the Union Army.

During the last month death has taken into his cold embrace many from our midst, whose going has wrung the hearts of fond parents, wives, children and friends. Mourned after mourned, above the turf in the new city of the dead, still the hell-monster is not appeased. Never before within the recollection of our oldest citizens has the town been called upon to contribute so largely in such short time to the spirit world. The present is indeed with us, and to-morrow is not of our knowledge or feeling.

We were in receipt of an invitation from J. S. D. Sams, secretary, to attend the Eastern Carolina Fair to be held at Goldsboro the 18th, 19th, 20th, and 21st of November next. The Managers have spared neither time or expense to make the fair one of the pleasantest and most attractive ever held in the State.

The race track is one of the best in the State, and this feature is receiving special attention. Several noted horses have already been entered, and some racing is expected. There will be a competitive drill of several companies of the State Guard for a handsome silk flag, to cost \$100; and a purse of \$100 is offered for a base ball prize contest, open to the State.

We hope the enterprise will receive all the success it is justly entitled to. The Democratic Citizens of New-Ridge Township met on the 4th inst., at the Township House, for the purpose of organizing a Democratic Club. A. J. 50th name was elected President and A. D. McLeod, Secretary. All the citizens present on the occasion were enrolled as members of the Club. Nine men were appointed to canvass the Township in the interest of the party, and see that every Democrat be present on the day of election.

Our candidate Mr. E. A. Murchison being present was called upon, and responded in some very appropriate remarks, gratefully delivered. On motion, the meeting adjourned. A. J. BETHUNE, Chairman. A. D. McLEOD, Secretary.

The Hughes Murder. The murder of Mary Hughes, which occurred last week, a notice of which was given in the last issue of THE SUN, has received a thorough investigation. The jury of inquest, headed by coroner McNeill, after careful research, rendered the following verdict:

"That the woman Mary Hughes came to her death from the effects of a wound which she received by a voluntary instrument in the hands of Thomas Gee."

Some ten or twelve witnesses were examined, and the evidence pointed conclusively to the guilt of the man Gee. Several articles of property identified as that of the murdered woman, were found in his possession. It was also discovered in the act of burning some articles of clothing on the morning of the murder. The axe belonging to the deceased, with which, no doubt, the fatal blow was dealt, was also found in his possession. It appears that he had been visiting the woman for years, and jealousy may have been the cause, or it may have been done for the purpose of robbery. One thing is certain it was a most fiendish murder, such as does not often occur in our quiet old town. Deputy Sheriff Byrd did some good and efficient work in ferreting out the case, working most ardently to discover the guilty, and bringing before the jury the evidence by which they were enabled to make up their verdict. Indeed his exploits on that day were worthy to be classed as those of an experienced detective. Gee is an exceedingly low specimen of the African-American, being about 65 years of age. The murdered woman was white and about 45 years old.

Our County Ticket. In our last issue we promised to say something about the County Democratic Ticket. Mr. Troy, who has been nominated for the Senate, in this (66th) district, is an old hand at the bellows. Time and again has his presence appeared on the floor of the senate chamber, and often has his voice been heard in that chamber, advocating that which was for the good of his people and State. The record shows the contest which he had with York regarding the North Carolina Railroad, and that his amendment of \$700000 was accepted in lieu of York's resolution appropriating one dollar to that great work. Mr. Troy is very popular, and will be heard advocating honest government in the next Senate of North Carolina.

Mr. H. C. Fisher, who was nominated for Register of Deeds, is one of the most popular men in the county. He has filled the office of Register for the past two years acceptably to all, and will be re-elected by a handsome majority in November. Mr. Isaac Murchison, one of the candidates for the lower House, is a man of good parts, who has not heretofore filled a political office, but who is an ardent Democrat, and will speak and

vote right in the Capitol at Raleigh next January. Mr. C. P. McClellan, is a good business man. A farmer who understands the wants of the agriculturists, and who will fill Mr. McClellan at Raleigh in January to exact laws beneficial to their interests.

Mr. McNell, for Coroner, is too well known here and throughout the county to receive comment from us. He has filled the office for the past two years, and the fact that he has been chosen again for the place, is testimony sufficient of his acceptability to the people.

Mr. Neill McNeill, for Surveyor, is active and competent. County Republican Meeting. On Saturday the 4th inst., a Republican Mass Meeting was held in the Town Hall for the purpose of nominating a county and Legislative ticket. The meeting was called to order by T. S. Lattin, Esq., and J. S. Leary was requested to act as temporary Chairman. In taking the Chair, Leary made a short address to the meeting, after which he requested E. L. Thornton to act as Secretary. The temporary officers were made the permanent ones at the meeting. Nominations being in order, Mr. E. P. Powers offered a resolution endorsing J. F. Shaw, Esq., of Lenoir, as candidate to represent the sixteenth Senatorial District. Mr. Powers' resolution was adopted, and J. F. Shaw declared the candidate.

E. P. Powers was nominated by acclamation for Sheriff. W. G. Hall, of Cedar Creek Township, was nominated for Register of Deeds. S. C. Godwin, of Fica Hill Township, was nominated for Surveyor. The name of W. D. McNeill was offered for Coroner, but on suggestion of the present incumbent, Dr. J. W. McNeill, was a competent and efficient officer. Mr. W. D. McNeill was not nominated.

Paul Nichols, of Rockfish Township and Brag Talbot, of Fica Hill Township, were nominated for the lower House. No candidate for the office of Treasurer was nominated. It will be observed that a Revenue Officer presided. With the Internal Revenue abolished, what would the Republican party do? The Rifle Match. Thursday the troops began the shooting for the prize of \$100 offered by the Association. Sixteen companies were represented. Yesterday morning the firing was completed. Col. John W. Lottin, who was in charge of the match yesterday submitted the following report: RALEIGH, N. C., Oct. 3, '84. GEN. JOHN STONE JONES, Sir: I have the honor to report that the target matches yesterday and today, for the prize of \$100, the scores were as follows, each company being represented by a team of five men:

Pitt Excited. A strange tale of a woman's excitement comes to us from Greensboro. We give it as we heard it. Although many home-boys have been committed in Pitt, for a dozen years or more, no one has been hung. This fact has made the people here, who are on the subject, when Judge Avery opened Court, has been several capital cases stood for trial, five for homicide and one each for rape and burglary. The first case was disposed of by allowing the defendant to submit to a verdict of manslaughter. He was sentenced to the State prison for five years. Many believe that it was remediated murder.

The next case the defendant was guilty by the jury after having been tried only a few minutes. The defendant prayed an appeal. This caused the people both white and black to a high state of excitement and indignation. If any meeting were had we have not heard of them. Sunday morning the day after that defendant was convicted a note was slipped under Solicitor Gallo's door, the substance of those notes was that the people intended to have justice. No appeal should be allowed. If the officers of the law would not give the people justice then they would have to look out for themselves and the Judge and Solicitor had better be watchful.

Judge Avery is said to have been very indignant. The notes appear to have been written in a disguised hand and bore no signature. Tuesday the citizens held a meeting and adopted resolutions approving the action of the Judge and Solicitor and denouncing in unmeasured terms all concerned in the writing the notes. Southerner.

A Disgrace. Concerning Dr. York and his speech delivered yesterday, only one thing need be said or can be said: the man is a demagogue and his speech was demagoguery, pure and simple, and demagoguery without redeeming features. Every person who knows THE CHRONICLE'S method of candidly expressing its convictions without regard to the often foolish notions of party necessity (and there is no party necessity) but a necessity to tell the truth)—every body will admit that THE CHRONICLE is not giving a tongue-lashing or deprecating estimate of an opponent. It has the greater delicacy therefore, in speaking with such emphasis of Dr. York.

But when it comes to pass that a man who is a candidate for the highest official position in North Carolina carries about with him bills of money to flaunt in the faces of the ignorant in order to illustrate and enforce an untrue inference; when a candidate for Governor asserts that the Democratic party in North Carolina is opposed to the education of the masses, that too a man who himself has stood a stumbling-block in the way of education, it is high time, gentlemen, we should consider to what place we have fallen. Never even in our darkest days did an appeal to the people from so low a level as this.

He be elected? If there were no political issues, North Carolinians would disgrace themselves by allowing such a misfortune. He is neither capable nor consistent; he is neither educated nor dignified; above all he is not sincere. He lacks every quality that the people of the State demand in their Executive.

The Democratic party like every other great thing, has faults and serious faults. There are opportunities to criticize its leaders and to criticize them justly and strongly. There are two sides to every question. The speech for instance, made by Mr. Wixston night before last was a dignified presentation of Republican doctrine. Whether the arguments were strong or weak, it was presented in a manly and dignified manner. How different the demagoguery of York!

Whatever may or may not be the political reasons for a continuance of Democratic rule in North Carolina or for Republican ascendancy there no reason under Heaven why the people should disgrace themselves by electing such a demagogue even if the party he represents were as spotless as snow. If the Democrats were to nominate so gross and insincere a man, THE CHRONICLE, for once, would beg to be excused.

It is not as a Republican (which any man has a right to be), it is not as an opponent of the Democratic party, (which also a man may be without offense), but it is a disgrace to our politics, as a disgrace to our politics, as an insult to the intelligence and common sense of the masses, that Dr. York is an offense to our whole people. Not yet have we fallen so low. Pray that never!

We would say to every Democrat in North Carolina: take nothing for granted. Dr. York is weak in calibre and popularity. But if Democrats do not work, and expect the Republican party to be beaten by its ill deserts alone, they will be grievously mistaken. It is possible for York & Co. to be elected. We do not mean that there is cause for alarm, but simply what we say, that taking things easy has ruined many a man and some parties. Let there be a vigorous effort made on the part of every Democrat, and we make special appeal to the young men and active element of the party. Goldsboro Messenger.

Mr. J. S. Carr, President of the Blackwell Durham Tobacco Co., informs us that it cost the company over \$2000 to make their exhibit at the Exposition.—Durham Reporter.

Geo. Hairston, who killed Joe Fulton in Stokes county about six years ago, and who has become quite notorious since that time, surrendered himself to the sheriff of Stokes county last Monday and is now in the jail of that county awaiting his trial.

Pender's Nomination. The Democrats of Pender county nominated the following ticket on Monday 29th ult: For Sheriff—A. C. Ward. For Register of Deeds—A. H. Padon. For Surveyor—John Moore. For Coroner—Dr. R. T. Sanders. For Representative—J. T. Bland.

Georgia elected a Governor and other State Officers on the 1st inst. There was no opposition to the Democratic ticket. McDaniels was re-elected Governor.—Home Democrat.

HAPPY COUNTY—The Superior Court of Brunswick was opened on Monday morning and closed on the next day. The Jury was actually discharged Monday evening. Think of that ye people who live in counties where a three weeks' term don't dispose of one-fourth of the business of the Civil Docket!
